

“Guaranteed income” SMAP insurance

Dear colleagues,

TUEM, in cooperation with the FFPE-EUROCONTROL, has signed with SMAP an insurance police “Guaranteed income” which grants to subscribing members, a daily income of 25€ during a period of maximum 180 days (i.e. 750€ per month for 6 months).

In first instance, this insurance is foreseen to ensure a replacement income for the colleagues working in shifts and for whom long lasting sickness means a dramatic reduction in their monthly income. Every member may however subscribe in order to ensure a complement of ones income in case of serious illness in order to cover for the high medical expenses that do occur.

This allowance is paid after a severance period of 30 days and covers all cases of sickness bur for those pre-existing during the first year after the signature. **The annual premium is 101,50€**

The premium is recalculated each year dependent on the number of insured staff members.

To insure yourself: fill in the attached form, bring it to the TUEM office (room N315) or the TUEM locker (n° 114) and pay the premium of 101,50€ before 31st of January on the following account number (different from the membership fee account!):

ABN-AMRO Beek 55.80.95.070
